THE Elkton Witness of last week

We were very agreeably surprised when in Clarksville last week to find that the wholesale liquor trade there had assumed such large proportions, that Mr. J. L. Crusman was shipping his celebrated brands of Fennessee Whiskles to almost every State in the South and to several of the Northern States, and had made several shipments away out to Wyoming Territory, and resulty two to California. This indeed looks like business for our neighbors, and we centry two to California. This indeed looks like business for our neighbors, and we wish them still greater return for their en-terprise and industry.
